6. Identify non-confidential information being developed by the Executive Branch, including the State Department, USTR and FAS on Guatemala.
7. Identify Congressional hearings that may be of interest to Fundesa including those persons scheduled to testify and the scope of the hearings.

We look forward to working with you on this project and on others where we may be of service to you. This letter sets forth some of the terms on which we will provide professional services as well as our billing practices.

I will personally coordinate our firm's work on your behalf. From time to time, other attorneys and paralegals at the firm may work on your matters, depending upon their expertise and experience. My responsibilities include selecting personnel to provide your services in a cost-effective manner.

As we discussed, we appreciate the financial position of Fundesa. Our customary billing practice of charging for services on an hourly rate would exceed your resources. Therefore, we are willing to provide services as needed on a retainer basis and recognizes your limited resources. This should assist the organization's budget planning. It is suggested that the retainer be \$3,000 per month plus expenses through December 31, 1993. At that time, the relationship can be reviewed. It is expected that if the hours of service significantly exceed the retainer, then an appropriate financial adjustment will be made. Out of pocket expenses would be billed separately. These would include for example telephone, photocopy and transportation.

Our experience has taught us that by billing on a monthly basis, our clients are able to keep track of their budget for legal expenses. Our bills are due upon receipt. If you have any questions concerning our statements, please give me a call. I am always available to discuss them with you.

We look forward to a long and mutually beneficial relationship with you, and we thank you for giving us the opportunity to assist you on this project.
